

Sending material to Gill

- If you have an idea or a question, please email/send a message via Whatsapp or text.
- If you have a piece of writing you would like feedback on, please email it as a word document to gill@inkpots. If you write your stories by hand, a photo of your work would be great. You can send this over via the usual methods.
- Depending on your stage and/or query, I will write back or it might be easier for me to send a voice message.
- I will try to get back to you as soon as I can so that your writing isn't held up. But at the latest, you will hear from me within three days. So if you send me something on a Monday, you will hear back by the Wednesday.
- However, if it is something URGENT (or exciting!), just mark it as such in your message, and I'll jump up and down! And get back to you quickly.
